December 1, 1957

To the Civil Service Commission:

This report covers the period beginning December 1, 1956 and ending November 30, 1957.

In spite of a most intensive drive to reduce provisional employment in the public service, turnover and expansion of service has kept the total number of appointments at almost the same level as in the previous year. We shall continue vigorously to pursue our aim to reduce such employment in the face of many obstacles to success in that endeavor.

We have completed the examination series for the engineers in the State Department of Public Works, except for the highest grades. We have been handicapped by the fact that budgetary action has kept many of the positions in temporary status for a number of years. We are hopeful that the budget for the coming year will permit filling on a permanent basis many of these positions. The work of departments dealing with personnel would be markedly reduced if this could be brought about as soon as possible.

We are preparing for the work which will be imposed upon us by the settlement of appeals on all cases where protests were filed by employees on the action proposed in the Barrington Report on salaries and classification of State employees. This is a very considerable task and we must complete it without disruption of the regular work of the division.

We have witnessed during the past year a completion of position-classification plans for all the municipalities of the State. This has been a major accomplishment.

An examination of the statistics contained in this report will show that there has been an increase in the number of applications

for positions, the number of open competitive examinations, the number of eligible lists established, the number of requisitions filled and the total number of positions under civil service. These statistics indicate rather clearly the quantitative increase in our service. It is not as easy to reveal the increases in service on a qualitative basis, one example of which is the extra work caused by the greater complexity of the problems resulting from changes of titles, salary ranges, specifications etc., brought about by the Barrington Survey, and the necessity for expeditious action so that employees may promptly receive the benefits intended by the legislation on which it is based.

The division has participated in more career-day and guidance activities of the secondary schools of the state and in conferences with college and professional groups. At the request of the Federal Government, we have entertained many foreign delegations seeking information on the Massachusetts Civil Service System.

The Director has continued to serve as an instructor and advisor in training programs for local fire officers, local police officers, and correction officers, and is working on a city-wide program for the training of social workers in Boston. The work on the manual of instruction for municipal custodial employees is progressing satisfactorily.

Much time has been spent in the development of proper standards for state and municipal positions, in the review of test items, and in the preparation of training and experience schedules, appropriate entrance requirements and similar matters.

We have had most harmonious relations with the legislative committee on Civil Service and other legislative committees seeking our assistance. The Executive Department has signed all merit-system

legislation recommended by the division and has rejected on our recommendation legislation which would interfere with good merit-system operation. That department has been most helpful in promoting sound personnel practices in the civil service field.

I must, particularly thank the newspapers of the State for the space they so willingly give in reporting the activities of the Division of Civil Service. Without their assistance we could not recruit as efficiently, in keeping the positions in the public service filled. Several radio stations also cooperate, as a public service, in disseminating news concerning our work.

Again, I cannot let pass this opportunity to thank the staff of the Division of Civil Service. They have never been found wanting when the needs of the public service require extra effort to maintain our service at the high level demanded by an efficient, modern and sound system of personnel administration.

Respectfully submitted,

  
THOMAS J. GREEHAN  
DIRECTOR OF CIVIL SERVICE

LEGISLATION

Veteran Legislation

CHAPTER 164

AN ACT REDEFINING "WORLD WAR II VETERANS" FOR CIVIL SERVICE PURPOSES.

This legislation changes the dates establishing the "wartime service" for veterans of World War II. At the present time "wartime service" for World War II veterans extends from September 16, 1940 to December 31, 1946, except in certain cases where exceptions are set forth in the law. Under this law such wartime service extends from September 16, 1940 to June 25, 1950.

Section 2 of this Act provides that this Act shall only apply to veterans who submit proof of such service on and after the effective date of the Act.

CHAPTER 551

AN ACT PROVIDING FOR THE EXTENSION OF THE DATE OF TERMINATION OF THE ACT TO MEET CERTAIN CONTINGENCIES ARISING IN CONNECTION WITH THE SERVICE OF PUBLIC OFFICERS AND EMPLOYEES AND CERTAIN OTHER PERSONS IN THE MILITARY OR NAVAL FORCES OF THE UNITED STATES, AND EXTENDING THE BENEFITS OF SAID ACT.

This legislation extends the termination date of Chapter 708 of the Acts of 1941 to July first, nineteen hundred and fifty-nine.

Legislation Affecting  
Chapter 31 of the General Laws

CHAPTER 29

AN ACT CHANGING THE CAPTION PRECEDING CERTAIN SECTIONS OF THE CIVIL SERVICE LAW.

This legislation provides for a change in the title preceding section 47 of Chapter 31 of the General Laws which presently reads "Application of Law to Cities and Towns". In the several sections following this title, amendments have been made which apply to positions in the service of the Commonwealth. The last paragraph of section 47A was added to regulate seniority of certain Correction Officers in State Institutions.

This legislation makes it clear that section 47 applies to positions in the service of the Commonwealth as well as positions in cities and towns.

#### CHAPTER 46

AN ACT MAKING A CORRECTIVE CHANGE IN THE LAW RELATING TO THE MANNER OF PLACING POSITIONS UNDER CIVIL SERVICE.

This is corrective legislation recommended by the Division of Civil Service. Chapter 704, Acts of 1945, amended section 15 of Chapter 31 of the General Laws and paragraph 2 erroneously referred to section 47B of Chapter 31 instead of section 47A. This originally occurred because at the time of its enactment there was pending in the legislature another bill later enacted into law (Chapter 701) which changed the subject matter of section 47B to 47A. It is obvious that the present law is in error since both sections 15 and 47A deal generally with placing persons under civil service while section 47B deals with the manner of placing Janitors, Supervisors of Attendance and Sealers of Weights and Measures and Clerks in School Departments under civil service.

#### CHAPTER 432

AN ACT RELATIVE TO COMPUTING THE TIME FOR THE GIVING OF CERTAIN NOTICES CONCERNING HEARINGS TO CIVIL SERVICE EMPLOYEES.

This legislation amends section 43 (a) of Chapter 31 of the General Laws to provide that in cases of discharge, suspension, etc., coming under the section that in the computing of the time for the giving of the notice of hearing, Saturdays, Sundays and holidays shall be excluded.

SUPREME COURT DECISION

GEORGE H. MITCHELL vs. CIVIL SERVICE COMMISSION

Suffolk. February 4, 1957. - March 1, 1957.

Present: Wilkins, C. J. Spalding, Williams, Counihan  
& Whittemore, JJ.

Certiorari. Practice, Civil, Appeal.

Case heard in the Superior Court by Paquet, J.

SPALDING, J. This petition for a writ of certiorari is brought against the civil service commission to quash their action in allocating one Cronin as deputy assessor in the city of Boston. The case appears to have been heard on the petition, return and extended return. The judge ordered the petition dismissed, and the petitioner appealed. G. L. (Ter. Ed.) c. 231, s 96. See *Adamsky v. City Council of New Bedford*, 326 Mass. 706, 707.

The following appears from the return as extended. On November 10, 1951, an examination "for promotion to deputy assessor of the Boston board of assessors" was conducted by the commission. In January, 1952, one Cronin, who took the examination, filed with the commission a request for a review of his examination grades. Following a hearing by the commission on May 6, 1952, Cronin was advised that the "entire examination . . . [had been] cancelled by vote of the commission."

Thereafter the "director of civil service, with the approval of the . . . commission established a classification plan, effective as of April 1, 1952, for positions in the city of Boston, in accordance with the provisions of G. L. (Ter. Ed.) c. 31, s 2A(b), and on June 23 . . . Cronin was notified of allocation to the position of assistant assessor under said plan." Cronin appealed to the commission for a review of this classification by the director, and he was granted a hearing by the commission on March 25, 1953. Cronin presented evidence that he was presently performing the duties of deputy assessor and that he had done so since 1948. On March 27, 1953, the commission voted "to allocate to him the position of deputy assessor."

The petitioner contends that the act of the commission in allocating Cronin to the position of deputy assessor was beyond their power and should be quashed. It is unnecessary to set forth the arguments in support of this contention because, for another reason, the petition cannot be maintained and was rightly dismissed.

It is settled by a long line of cases that resort cannot be had to certiorari unless the action of the tribunal of which review is sought has resulted in substantial injury

or manifest injustice to the petitioner. *Byfield v. Newton*, 247 Mass. 46, 58. *Walsh v. District Court of Springfield*, 297 Mass. 472, 474. *North Shore Corp. v. Selectmen of Topsfield*, 322 Mass. 413, 418. *Colantuoni v. Selectmen of Belmont*, 326 Mass. 778, 779, and cases cited. We fail to see how on this record it can be said that substantial injury has been done to the petitioner. Nothing appears in the returns which shows that he has been harmed by the action of the commission. Indeed the returns do not mention the petitioner other than to say that he has been guilty of laches. There are, to be sure, allegations in the petition to the effect that the petitioner has been in the employ of the city of Boston since 1943 as an assistant assessor and that he took a civil service examination on November 10, 1951 (which was subsequently cancelled), for the position of deputy assessor. But such allegations, not supported by facts set forth in the respondents' return, must be disregarded. *Prusick v. Board of Appeal of Boston*, 262 Mass. 451, 453. The judge made findings of fact but they are no part of the record in an appeal brought here under G. L. (Ter. Ed.) c. 231, s 96.<sup>1</sup> *Harrington v. Anderson*, 316 Mass. 187, 192. We might add that even if these findings were part of the record they would not aid the petitioner, for the contain nothing relating to the above mentioned allegations. We need not decide whether, if the allegations were established, the remedy of certiorari would be available to the petitioner. We hold only that on the record before us the petitioner has not shown any basis for invoking this remedy.

Order dismissing petition affirmed.

George H. Mitchell, pro se.

Hugh Morton, Assistant Attorney General, for the respondents.

James M. Langan & James W. Kelleher, by leave of court, submitted a brief as amici curiae.

<sup>1</sup>It is plain that this is an appeal under s 96 for the reason that it was taken from an order for judgment before the case was ripe for judgment. See *Klier v. Building Inspector of Lawrence*, 333 Mass. 111, 112-113 (Mass. Adv. Sh. [1955] 877, 878).
